

comppare::config::operator=

```
graph LR; A[comppare::config::operator=] --> B[comppare::config::config]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is grey and contains the text 'comppare::config::operator='. A blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'comppare::config::config'. A blue curved arrow starts from the top of the right box and points back to the top of the same box, indicating a self-loop.

comppare::config::config
